## ROLL OF HONOR TABLET READY

All Who Contributed to Soldier Memorial Invited to Meeting to Pass on Permanent Name Plate Plan.

A meeting of the Kingston industrial workers' association has been called by Thomas P. Kelly, the president, for Tuesday evening next at 8 o'clock at the common council chambers in the city hall.

The association will pass upon the proposition of a permanent name plate for the Roll of Honor tablet. The lighting standards have already been received and will be placed along the wall in front of the city hall next week. It was decided at first to have a temporary name plate consisting of glass plates and printed names. As a final list of the names of those who entered the service from the city has been obtained it is now planned to have a permanent name plate of bronze.

As practically all the workers of the city contributed towards the tablet it will be impossible to send any personal notices. All those who contributed are invited to be present.

## DELAY REPLY TO MEXICAN PROTEST

By Telegram to The Freeman.  
Washington, Aug. 22.—Mexico's protest against the "invasion" of her territory by troops of the Eighth Cavalry, who are following a "hot trail" in an effort to run down the bandits who held two American aviators for ransom, probably will not be answered until the troops ultimately have been withdrawn. This was learned at the state department today.

In the meanwhile, so far as the state department is concerned, the troops will continue the search, the matter of their withdrawal being for the war department to decide. The state department will stand by its decision that for American soldiers to cross the border in pursuit of bandits who commit depredations against American life or property is not an "unfriendly" act towards Mexico.

The text of the representations filed at the state department yesterday by Ambassador Bonillas has not yet been made public and there was no announcement today as to when it would be. It was assumed, however, that it would be given out at the same time the reply, which probably will be of a perfunctory nature, is made public.

Secretary Lansing said today that the summaries of the press and editorial comment in Mexican papers which have reached the department are of a decidedly mild trend. The press of the southern republic is taking the activities of the American troops as a matter of course, and inflammatory statements are conspicuous by their absence.

Were at Greene County Fair.

Miss Ethel E. Morey, a former teacher in Kingston, now teaching in Rochester, N. Y., who has been spending some time with her friend, Miss Ruth M. Bell, this city, returned to her home, North Rose, Wayne county, Friday. While here it was her privilege to spend one day at Lake Mohawk, and enjoy one day's ride through the Catskills with Mr. Bell and family. They visited many places of interest and spent some time in Mr. Bell's old home town. After lunching at the Grand View Hotel, East Windham, the party witnessed several of the horse races at the Greene county fair at Cairo. After spending some time at Catskill and then at Saugerties, the party returned home by way of Woodstock and the reservoir.

ENGINEERS' HEARING

Set Down for Sept. 4 by Justice Weidner.

Locomotive Engineers Schoonmaker and Miles, arrested on a charge of theft growing out of the disappearance of clothing from the West Shore car, were taken before Justice of the Peace Weidner, of the town of Ulster, at Flatbush, Thursday afternoon. By Deputy Sheriff Felix Joseph. On request of Andrew J. Cook, their attorney, the hearing was set down for Thursday, September 4, at 2 p. m. The men are out on bail bonds.

Hoover Conducts on Poland.

By Telegram to The Freeman.  
Paris, Aug. 22.—Herbert Hoover, head of the inter-allied relief commission, made a hurried trip to Versailles today to confer with the German peace delegates over the Polish situation and to attempt to insure action which will safeguard the coal output in upper Silesia. It is stated that the breaking off of negotiations between the Poles and Germans at Berlin has further complicated Polish-German relations.

Big Steam Meeting.

All agents are urged to meet at the headquarters tomorrow morning between the hours of 9 and 11. Business of much importance will be discussed at this time.

## PRESIDENT MAY GREET PERSHING

By Telegram to The Freeman.  
Washington, Aug. 22.—When General John J. Pershing arrives at New York aboard the Moget Vernon either September 9 or 10, he probably will be greeted by President Wilson.

It was stated at the White House today that if circumstances allow, the president in all probability will accord the commander of the American Expeditionary Forces this signal honor. The president was represented as keenly interested in the return of General Pershing and of the First division and as anxious to be among the first to welcome them to American soil. However, it was pointed out, his decision will hinge on future developments, especially with reference to progress made by the senate foreign relations committee with the peace treaty.

Plans for the president's forthcoming western trip were still indefinite. White House officials stated, while it was admitted that if conditions allowed him to make the New York trip, there was a possibility he might start west from there.

## EBERT TAKES OATH OF OFFICE

By Telegram to The Freeman.  
London, Aug. 22.—Unmarked by ceremony Frederick Ebert took the oath of office as president of Germany under the new German constitution, said a News Agency dispatch from Weimar today. The president made a speech, the keynote of which was that the vital principle of new Germany will be "freedom and right."

## STOP YANKEE FOOD FOR HUNGARY

By Telegram to The Freeman.  
London, Aug. 22.—Shipment of American food into Hungary has been stopped because of the action of the Rumanian military authorities in requisitioning Hungarian relief supplies, said an Exchange Telegraph dispatch from Budapest today.

Chaos reigns in Hungary, according to the Exchange Telegraph, and the Austrians are reported to have armored trains on the frontier and are ready to re-occupy the Western part of Hungary.

American officials at Budapest declare that the Rumanians are still requisitioning cattle, although thousands of persons in Budapest have been without meat for weeks.

## CAVALRY SENDS BACK LITTLE NEWS

By Telegram to The Freeman.  
San Antonio, Texas, Aug. 22.—The headquarters of the southern department is without any word today from Marfa or the scene of the campaign against the Mexican bandits, but the belief is general that the forces will not be withdrawn until the outlaws have been captured or their trails completely lost.

Colonel Johnston, chief of staff, said he expected Major General Dickman to return here tomorrow, unless the situation grew more serious than it is now. The belief was general that the protest made by the Mexican government would have absolutely no weight in the matter of withdrawing the troops.

In some quarters it was considered probable that the troops would be kept in Mexico several days to guard the district so recently terrorized by the bandit outbreak.

Colonel J. E. Feichter, the air service officer in the southern department, said that fourteen planes were available for use at Marfa today.

## TO STIMULATE TRADING HERE

Retailers Will Hold Get-Together Dinner at Cuneo's Wednesday Evening of Next Week—A New Folder.

Retailers of this city, who belong to the chamber of commerce, will hold a get-together dinner at Cuneo's Hotel, Lake Katrine, on Wednesday evening, August 27, at 7 o'clock. The menu, however, will not consist entirely of food for the body, for a goodly quantity of substantial, nourishing "business food" will be prepared and served as well.

The primary purpose of the dinner is not to appease the cravings of the inner man, but rather to satisfy the craving for a bigger, better and busier Kingston. Many retailers have suggested that the time is now ripe to plan and carry out a program of concerted action to forward Kingston's trade. "Kingston's Trade Opportunity" will be carved, served, masticated and digested.

In connection with the notices that are being sent out by the Retail Group, a folder containing some suggestions along the line of increasing trade in Kingston is also enclosed.

The suggestions set down in the folder are excellent and only lack of sufficient space prevents their being published in full. A few of them "boiled down" are as follows:

"All of the people in Kingston, in the surrounding territory and in the mountains will buy things that they have not thought of buying if these things are brought to their attention, and if it is made convenient and pleasant for them to buy them."

"There are two things that can be done by well planned and continuous co-operation of all Kingston retailers. First, the trading population of Kingston can be increased to several times its present size. Second, each person trading in Kingston can be interested in buying more goods and goods of better quality."

The Rondout bridge, a new West Shore station, good pavements, improved recreation, good theatres, good schools, development of present industries, bringing in new industries, publicity for Kingston, attracting summer visitors here, good maps, transportation guides, better country highways, more co-operation between the city and country, all of these benefit every one who lives in Kingston—but they especially help the retailer in that they make Kingston more attractive to live in, visit and to buy in, and that they promote the feeling that Kingston is a live city in which everyone finds a warm and hearty welcome.

"Better business makes a better town, just as a better town makes better business. It is in the chamber of commerce that retailers of all lines can come together to work together for that development of Kingston's trade which can hold each man's business at least as much as the things which he does individually."

Here are a few things which a retail board can do in Kingston:  
Organize itself completely.  
Adopt a definite program for at least one year.

Take advantage of the good beginning which has been made through Dress Up Week and other cases of co-operation already undertaken.

Get all Kingston retailers working together with enthusiasm.  
Find out what causes may exist which reduce the amount of business coming into Kingston and seek out and apply remedies.

Retailers will meet at the chamber of commerce rooms, 448 Broadway, Wednesday evening at 6 o'clock, and will make the trip to Lake Katrine together.

## MEXICO WOULD ADJUST RELATIONS

By Telegram to The Freeman.  
Mexico City, Aug. 22.—The senate has advised the foreign relations committee to investigate the relations between Mexico and the United States, in order to take steps for an adjustment of them.

It was unofficially reported here today that the United States troops that have been chasing bandits in Chihuahua have returned to American territory. The source of the rumor is not known.

Two Girls Drown.

Miss Vestia Robinson, 14 years of age, daughter of Manville Robinson, of Arlington, and granddaughter of former supervisor Henry Allen, of the town of Poughkeepsie, and Miss Edith Gardner, 14, daughter of Mrs. Charlotte Gardner, of 26 Oakland place, Brooklyn, were drowned in the Wappingers Creek Wednesday afternoon about five o'clock at a place known as "Mott's Rock" on the farm of Raymond Crum.

Captain Sickles Named.

Captain William Sickles of New Baltimore, for eight years an employee of the Cornell Towing line, has assumed his duties in the state capital as inland inspector of boats. Captain Sickles succeeds Captain S. Bonck of Catskill, who died about a month ago. The appointment was made by Superintendent E. S. Walsh of the state department of public works.

## TO SOON RECALL AMERICAN TROOPS

From Bandit Pursuit Unless Hot Trail Is Found Says Dickman—Cavalry Have Penetrated Considerable Distance.

By Telegram to The Freeman.  
Marfa, Texas, Aug. 22.—Pursuit of the Mexican bandits who held up two American army men for \$15,000 ransom, will be abandoned very soon, unless the American cavalrymen strike a hot trail which promises immediate capture, it was announced here today by Major General Dickman, commander of the southern department, U. S. A.

General Dickman who was in Marfa today, inspecting the troops and equipment, considers the cavalrymen here co-operating with the American expedition which consists of 300 mounted men and a pack train.

It was made plain that the chase of the Mexican outlaws will not stop because of any pressure from the Mexican authorities, but because the hunt will be regarded as hopeless unless the bandits are located within the next few days.

"We cannot continue the search forever," said Major General Dickman. "Unless we strike a very hot trail within a short time our troops will come out of Mexico."

Major General Dickman expressed himself as completely satisfied with the way the search has been conducted and complimented George T. Langhorne, upon the disposition of his troops.

"Everything is being done that can be done," said Major General Dickman. "I cannot speak too highly of the way Colonel Langhorne is handling the situation. If it is possible to apprehend the outlaws I am sure Colonel Langhorne will get them. This post is amply equipped and I shall make no recommendations for an increase in the number of troops or amount of equipment with the exception of the aviation outfit which I feel is not sufficient for the amount of patrolling done."

Six more airplanes are expected to arrive here upon recommendation of Major General Dickman. They will be used if needed; if not, they will be held in reserve.

While the exact location of the troops of the Eighth Cavalry, who are searching for the outlaws, is a military secret, it is known they have penetrated a considerable distance into Mexico. This is revealed by the fact that a landmine field for the border, is at least 30 miles from the border. Gasoline and supplies for the American machines are being rushed there from the base at Marfa to save the airmen the trouble of making a trip back to the United States to replenish their fuel.

Although the authorities in Mexico City apparently are opposed to the American expedition, the local Mexican officials show no opposition and are even giving assistance to the Americans.

Major General Dickman is expected to leave for San Antonio by way of Del Rio tonight.

## SEPT. LEAGUE MILK \$3.21 PER CWT.

League milk for September has been sold for \$3.21, or about 6-10 cents per quart. This price is for 1 percent milk at the 200-210 mile zone with the usual differentials for freight and butterfat. The September price is 8 cents a hundred more than was paid producers for August milk. It was determined by the price agreement now in force between producers and dealers which takes both market conditions and cost of production into consideration.

The average market price of butter for the thirty days ending with August 20 was \$5.42. The average market price of cheese for the same period was \$2.11. To the average of these prices of skim milk and whey is added 26 cents to allow for costs of production. The result is the September price.

The prices in the Buffalo district for September are \$2.48 per 100 (36c per gal.) for 3 percent milk with the usual differential for butterfat, or \$2.22 fat.

The fat price in the Rochester district for September is \$2.49.

## CATTLE SALES ON THIRD FAIR DAY

Herd of 40 Holsteins Brought \$6,495—Herbert Brooks, Chester Young and Frank Brooks Took Many Prizes—Racing Results—Directum L. Shown.

Thursday, the third day of the thirty-first annual fair of the Ulster County Agricultural Society, at Ellenville, found between four and five thousand people on the grounds, to view the exhibits, look over the midway and see the horse racing. Over four hundred automobiles were on the grounds bring an average of four people at the least. The weather was all that could be desired and nothing occurred to mar the pleasure of anyone, unless the losers of the horse races were not satisfied with losing.

At exhibition hall, W. W. Van Keuren, of the Saugerties road, exhibited a blue and white cowbird mare in 1837, eighty-two years ago, at Arlington, later Dasher's Falls, better known as Riffon. It was made by the Arlingtons who had a mill there, and the woolen yarn was spun by Mr. Van Keuren's mother when she was twenty years of age. Mr. Van Keuren was awarded a first premium for the cowbird or cowbird, which has been in the family since it was made and is like new.

Between the heats at the trotting, Wm. F. LaHiff of Keene, N. H., the official starter, like Bert Murphy said, "to beat the band" and Alfonso De Giso, a young man rendered most artistic selections on a large piano accordion, for which he received prolonged applause from the people in the crowded grandstands and from those standing around the Judge's stand. Directum L., the fastest trotting horse in the world, owned by S. S. Shurtler of Ellenville, was placed on exhibition before the grand stands, and scored up and down the track with another trotter to show his paces. Directum L. has made an exhibition mile in 1:56 1/2, trotted a heat in a race in 1:58, a half in 55 two heats in 1:58 and 2:00, being record time. Starter McHill sold at auction between the heats a sorrel pony owned by George J. Hornbeck, for \$50.

Col. B. V. Kelly, as auctioneer, sold 40 head of Holstein cattle, the property of the Gardner & Misner farm, a Dairyland, beginning at \$100. They brought \$4,495, and buyers stated the cattle would have been sold for considerable more money had they been tuberculin tested. King Ormsby, a young herd bull, two years old, was struck off for \$450, his grand sire, was stated, having been sold for \$10,000 and his grand dam for \$6,500. Cornucopia, a cow, was sold for \$400. Jennie Springcrest Albino, 2d, \$405. Ormsby Springcrest \$260. Ormsby Pontiac Lass \$320. Ormsby Galey \$275. Ormsby Johanna Lassie \$255. Ormsby Piete Neah \$245 and others from \$80 to \$200.

Herbert Brooks of Sundown won 23 first premiums for shorthorn cattle, a second premium, first prize for shorthorn grade, prizes for Devon grade, a special premium for a herd of steers and a special premium for a one-year old heifer. Red Fox grade, George Leopold was awarded five first premiums for Alderney or Jersey grade cattle, and a second premium, Chester Young, Napamoch, won seven first premiums for Holsteins and four second premiums. Misner & Gardner, Dairyland, were awarded five first premiums for Holsteins and two second premiums. Frank Brooks, Grahamsville, had a fine display of Ayrshires, setting 12 first prizes, three second prizes and a special award for a two-year-old heifer.

The races which started about 2:30 o'clock were excellent ones and the greatest rivalry existed among the drivers to win, every heat being a hotly contested one. William L. LaHiff was the starting judge. William Shields, William S. Davis and William Shields, judges; Sanford A. Cross and R. W. Thompson, timekeepers. "Robert" Ormsby, the black gelding that won the 2:14 trot and pace, it was said, was sold after the race for \$350.

Peace War Risk Inefficiency.

By Telegram to The Freeman.  
Providence, R. I., Aug. 22.—Taking up charges that of 154,000 disabled men entitled to benefits under the war risk insurance and federal vocational acts, less than 5,000 had been aided, the Veterans of Foreign Wars in convention here appointed a special committee to go to Washington to protest against the "inefficiency and inactivity" of these two federal boards in this regard.

## AMENDED FIRE ORDINANCE TO REDUCE INSURANCE RATES

Fire Board at Work on Proposed Amendments—Expect to Reduce Premiums 3 to 4 Percent. A Saving of At Least \$6,000.

Kingston's board of fire commissioners are at work revising and amending the present fire ordinance, and when the new ordinance is adopted it is expected to clip from 3 to 4 per cent from the premium rate on fire insurance in Kingston. This is estimated by the board to amount to at least \$6,000.

In amending the fire ordinance the fire board is working in conjunction with the state board of fire underwriters and have adopted a number of suggestions advanced by the state board. It is expected that the new ordinance before being adopted will meet with the approval of the state board of underwriters.

In amending the ordinance several proposed additions have been considered. The ordinance is not ready yet to be published, and its contents will not be made public until after the board has adopted it.

Present indications are that the amended ordinance will be adopted at the next meeting of the fire board. As soon as the ordinance is adopted by the board it will be published in The Freeman.

The fire department has never been in better shape than at the present time. The morale of the force is high, and with the introduction of weekly drills and study of fire fighting methods the force is kept at a high point of efficiency under Fire Chief Chipp and Assistant Fire Chief Murphy.

The department is also better

equipped than ever before, and when the new auto truck and ladder is received and placed in commission it will help greatly. The new truck is expected to be delivered early in December. A description of the new truck has already been printed in The Freeman at the time it was ordered by the fire board. Work on building the truck was started on July 5.

Weekly inspections of the business districts are made by members of the fire department, and this has had a great tendency to lessen the number of fires. This summer Kingston has been particularly fortunate in regard to fires. The worst fire so far this year was the one Wednesday on Fair street.

The board of fire commissioners is made up of Charles Lafl, William S. Flunge and Louis H. Kolts. Captain B. J. Hornbeck is clerk of the board. All of the commissioners take a personal interest in the work of the fire department, and have devoted considerable time and energy to perfecting the system, until Kingston has one of the best departments of any city of the same size in the state.

The board is now considering the installation of the double platoon system in the department. This would require the services of four additional men as at present planned. The installation of the system would add to the efficiency of the department and it is expected that the double platoon system will be put into effect some time in October.

## PRINCE ARRIVES QUEBEC JOYOUS

By Telegram to The Freeman.  
Quebec, Aug. 22.—On the Plain of Abraham where, more than a century and a half ago, the British and French fought for the mastery of Canada, the Prince of Wales today placed a wreath upon the monument to Wolfe and Montcalm. British conqueror and French loser in that struggle.

English and French residents united enthusiastically today in paying homage to their future ruler. Great crowds lined the flag bedecked streets and cheered when the prince appeared and numbers of tourists from the United States joined in the ovations.

One of the features of the day's program was the opening of the Quebec bridge, which has been completed after two accidents that caused heavy loss of life.

The were numerous processions and addresses.

## "DIRECT BITE TEETH"

After years of experimenting our laboratories have discovered a direct bite set of artificial teeth. These plates improve the sense of taste and insure perfect enunciation and articulation. The teeth absolutely cannot be discerned from natural teeth. These teeth because of the direct bite have three times the biting strength of ordinary plates. Are you now wearing artificial teeth? If so, we strongly advise you to call and investigate this new plate.

## FACTORY WAGES HIGH IN JULY

Average For N. Y. State Slightly Below December, 1918 Which Was High Record—Food Prices Rose Fastest, However.

By Telegram to The Freeman.

Albany, Aug. 22.—The earnings of factory workers of the state show a marked increase from June to July. The weekly earnings of over 550,000 workers, reported by manufacturers of the state to the Bureau of Statistics of the New York State Industrial Commission, average \$23.19 in July. This means an increase of 59 cents or about two and a half per cent over the June average, and an increase of 87 cents or four per cent in the two months since May. With the exception of one month, December, 1918, the July average is the highest on record. It is only 8 cents below the December average.

The clothing industries show the greatest increase in the earnings of workers. The July average is \$20.61, nearly 10 per cent above the average for June, and the highest ever reported. Clothing workers' earnings also lead in the increase over last year, with a gain of 26 per cent.

The revival of business in the metal industries is indicated by a 2 per cent increase in average weekly earnings as well as by the increase in employment previously reported. The July average of \$25.59 is the highest since January. The increase over July, 1918 is only 5 per cent, but it should be noted that business in the metal industries is now based on an entirely different demand and employment is 20 per cent lower.

Chemicals, fur, leather and rubber goods, textiles, and light and power show increases of from 2 to 4 per cent in July over June in the weekly earnings of workers.

The total amount paid in wages to the factory workers of the state was greater by 115 per cent in July, 1919 than in July, 1914. While the number of workers has increased 12 per cent during this period, the increase in total wages is to be attributed chiefly to the diminishing value of the dollar.

Figures recently issued by the Bureau of Statistics of the United States Department of Labor put the increase in cost of living, including not only food but clothing, rent and all other items of expenditure, at 50 per cent from December, 1914 to June, 1919. Wages of factory workers on the average have practically kept this advance in living costs, as the increase in weekly earnings in New York state was 79 per cent for the same period.

Food prices rose slightly more than wages from June to July. The July index number just issued by the United States Bureau of Labor Statistics shows an increase of three per cent over the June index number, while the index of average earnings in New York state rose two and a half per cent. Food prices were 92 per cent higher in July, 1919 than June, 1914—a new high mark—and the average weekly earnings of New York factory workers increased 82 per cent during that period.

### PALENTOWN.

Palentown, Aug. 21.—A number in this place are planning to attend the picnic at Samsonville.

Mrs. Ella Palen and daughter of Walden have been spending a week with relatives in this place. Last Thursday they spent with Mrs. H. Traver and in the afternoon spent a few hours picking swamp huckleberries, which they enjoyed very much.

John Traver, Jr., is back on his job driving the truck for Riskey Lumber Company.

Willie Dymond has returned to Lake Mohonk, where he has employment.

M. Gray called on Homer Traver Sunday afternoon.

Mrs. H. Freer and Mrs. Jesse Shurtz were callers in Kromville last Saturday.

Mr. and Mrs. A. Carson and grandson, George Green, from Lenoxdale, Mass., and Mr. and Mrs. John Keator from Port Ben and Mr. and Mrs. Ralph Carson and their twin girls, Elberth and Beurel, spent the past Sunday with Mr. and Mrs. Homer Traver and family in this place.

Frank Roach has employment in Delaware county.

Herbert Dymond has returned home after spending a week with his sister at Greene county.

Monceca Gray from Delaware county is spending his vacation with his grandfather, M. Gray.

Everett Brannen expects soon to draw lumber out of the mountain for E. Riskey & Co.

Funeral services were held in the cemetery Tuesday morning for the Worden family, who died with the flu near Brown Station. The bodies were brought here for burial in the family plot. There were taken were mother, son, two daughters and a grandchild. The father and children have our sympathy.

Peaceful be thy silent slumber. They no more our sorrow know. Yet again we hope to meet them Where no farewell tears will flow.

## Coffee—The Essential Drink

What is more satisfying than a steaming cup of delicious coffee? It's the flavor that counts! And the flavor of REYNOLDS RELIANCE appeals to millions of coffee lovers.

We go to the most remote coffee markets of the world to gather the coffees that make the finest blend—RELIANCE.

Our scientific method of preparation not only enhances the delectable flavor, but because it retains all the essential oils, adds to the digestive qualities and provides more cups to the pound.

A special process of grinding removes all the chaff, thereby avoiding any possibility of bitterness or injurious after effects. Thus REYNOLDS RELIANCE is absolutely healthful.

By combining all these points RELIANCE gives you not only a satisfying delightful flavor that is unsurpassed but also a wholesome, digestible drink that cannot endanger the health.

Remember to ask for RELIANCE. It is always fresh at your grocers—guaranteed to please or your money back.

## EIGHT BANDITS REPORTED TAKEN

Four Others Killed By Cavalrymen  
in Mountain Pass—Renterio's  
Band Had at Least Sixty Mem-  
bers.

Marfa, Tex., Aug. 22.—An un-  
confirmed report was in circulation  
here early today that eight Mexicans  
have been captured and placed un-  
der arrest as possible participants in  
the holding of Lieutenants Peterson  
and Davis, of the American air  
forces, for ransom.

It was rumored that the men had  
been brought to Marfa and are be-  
ing held here incommunicado.

According to the unconfirmed re-  
port thirteen Mexicans were picked  
up by an American cavalry column,  
but five of them were released soon  
afterward. The remaining eight  
were identified as "bad men," many  
of them being fugitives from justice  
in the United States. They are said  
to have been taken to Ruidosa first,  
and then brought here. In the mean-  
time they will be held, it was re-  
ported, until their movements have  
been established during the time  
the bandit gang was last active.

One of the feeble resistance which  
the bandits in the Sierra Madre  
are attempting to put up is  
being crushed as soon as it de-  
velops and four more outlaws have  
been killed in a fight in a mountain  
pass. This makes at least five Mex-  
icans killed and two captured since  
the Americans crossed the border  
on Tuesday morning while not a  
single American has even been  
wounded.

News of the killing of the four  
Mexicans was received at military  
headquarters in Marfa from Major  
James P. Yancey, who is with the  
four troops of the Eighth Cavalry  
that swept over the line.

It is now known that there were  
at least sixty members of the band-  
it band under Jesus Renterio, who  
has been operating along the bor-  
der and which held Lieutenants  
Peterson and Davis, of the United  
States air service, for ransom.  
About 50 of these outlaws are  
known by sign to the American  
cavalrymen, who are now pursuing  
the band.

### METTACAHONTS.

Mettacahonts, Aug. 21.—Miss  
Annie Hornbeck left on Saturday  
to spend some time at Leibhardt with  
relatives. She will also attend the  
party on the school house lawn at  
that place on Saturday evening.

The annual Mettakahonts picnic  
which was held on the school house  
grounds last Wednesday, was a  
success in every way. A very large  
crowd was in attendance from out-  
side town. All seemed to enjoy them-  
selves thoroughly. The Ellenville  
Band rendered many fine selections.  
About \$268 was taken in.

Miss Lena Dick returned to her  
Kingston home on Thursday, after  
a pleasant stay of several days with  
relatives in town. She visited at Mr.  
and Mrs. Charles B. Osterhoudt's  
and spent one day with Mrs. F. Zea-  
man.

Mr. and Mrs. Frank Anderson of  
Gamble visited their mother, Mrs.  
Rachel Anderson, on Wednesday  
and attended the picnic.

Charles B. Osterhoudt has a new  
Ford car and is seen frequently  
spinning up and down our country  
roads.

Mr. and Mrs. Eli Osterhoudt,  
Master Edsell Osterhoudt, Mrs. E.  
D. Markle and Miss Ray Markle  
motored to Kingston on Tuesday af-  
ternoon of last week. Miss Teasle  
Wood returned home with them,  
she having spent several days with  
her aunt and uncle, Mr. and Mrs.  
Charles E. Woolsey, on Clinton ave-  
nue.

Mr. and Mrs. Edgar Quick have  
been entertaining two lady relatives  
from out of town the past week.

Mrs. Charles E. Osterhoudt, who  
had blood poisoning in her left  
hand is recovering slowly.

Virgil Wood and Oscar Mackey  
attended the party at Leibhardt on  
Saturday evening and report a good  
time.

Preston Enderly, our recently re-  
turned soldier boy, after having en-  
joyed a month's vacation attending  
the picnic and other social events in  
town, took up his residence at  
Oscar Markle's on Thursday last,  
where he will have steady employ-  
ment, helping Mr. Markle with the  
threshing.

Mrs. Jacob Baker and daughters  
have been spending some time with  
relatives in Leibhardt.

Jacob Krom spent one day recent-  
ly at Ellenville.

Oscar Mackey is spending some  
time at his home in town.

Miss Lulu Hendrickson enjoyed  
supper on Wednesday evening with  
her grandparents, Mr. and Mrs. Jo-  
seph Hendrickson.

Elmer B. Hendrickson is improv-  
ing the appearance of our district  
school house this week by painting  
same.

The high standing blackberries  
have been very plentiful this sea-  
son and housewives have canned  
and made pickles of a great many  
of them.

James Wood of Lake Mohonk  
visited Monday at his home in town.  
Benjamin Quick is employed  
at the state road.

Many of the roomers from the  
city have returned to their homes  
and the boarding houses  
commence to look deserted.

Mrs. J. Zeaman is expecting her  
son and family of Newburgh to  
spend some time with her soon.

John Vandemark autoed out of  
town in search of peaches on Sat-  
urday.

Clifford Christians is employed at  
H. N. Sips on the state road.

### "Community Bath"

In criminal trials, "community bath"  
means exemption from prosecution.  
The expression was first used several  
years ago, when several defendants in  
a town were acquitted by the  
United States court on the ground that  
they had gained personal immunity by  
furnishing the evidence upon which  
the indictments were based.

## THE PRICE OF FLOUR.

Wheat growers demand that the grading rules be revised, asserting that under present rules there is "very little No. 1 wheat, for which \$2.26 a bushel is paid. They ask that grain not fully plumped out be graded as No. 1 for the reason that the highest quality of flour is made from it. The millers argue that while this is true, the same quantity of flour cannot be made from a bushel as from a bushel of perfect grain. To this the growers might retort that at the present price of feeding stuffs it makes little difference to the millers whether they produce flour or by-products, the profit being the same. One thing is certain, only a very small proportion of the wheat crop is graded No. 1 and sold for \$2.26 a bushel, although all figures in support of the high price of flour take \$2.26 wheat as a basis. Farmers are selling far more wheat at \$1.75 and under than they are selling at \$2.26.

Food Administrator Barnes promises \$12 flour to the consumer and gives figures to prove the possibility of making good his promise. Doubtless he is correct in theory. Figures made by the millers show flour delivered to the consumer at \$12.91, using \$2.26 as the price paid for wheat, which is much more than it really costs them. But while Mr. Barnes promises \$12 flour and the millers present figures showing present production of \$12.91 flour, the price actually paid is \$14 to \$15. Then along comes a dealer who declares that the \$12 flour Mr. Barnes promises is fit only for pastry. Inasmuch as the so-called pastry flour is better than any flour made up to a few years ago and constitutes about three-fourths of the total output, it is manifest that this assertion is nonsensical. Good bread can be made from any good flour if the baker knows his business.

When we do a little figuring and find that, even at present high prices, the per capita cost of flour is only four cents a day, we are inclined to doubt that the price of flour cuts as large a figure in the cost of living as most persons suppose it does.

## THE PRESIDENT'S RAILROAD

As Alaska is Federal territory, and it is needful to keep a large part of its vast riches out of private hands, it seemed desirable that the building of a thousand miles of railroad therein should be a Federal enterprise and Congress so voted in February, 1914. It was supposed that the work would be under the general direction of a chosen Congressional committee, but by an overwhelming vote the House put the matter in the hands of the President, who presumably summoned the expert engineers and set them to work. Since then so much has happened and public attention has been so absorbingly engaged in other directions that little if anything has been heard of the Alaska enterprise which was facetiously described at the time as "The President's Railroad." Now we read that favorable report on a bill providing an additional \$17,000,000 for construction of the Alaskan Railroad to meet increased cost has been ordered by the House Territories Committee.

The descriptive "additional" of course implies a series of previous costs in the interval of five and a half years. All railroads are expensive and inevitably one constructed by Uncle Sam is very expensive. For some reason the man who works for or supplies the government of his country expects larger profits than the ordinary. So we may be sure that the total cost figures for the Alaska railroad to date are very improving. It may well be doubted whether an overburdened President has been able to give much attention to the undertaking which was thrust upon him by Congress, but if he found it impossible to borrow or steal the necessary time he cannot be blamed.

## A PRINCE OF GIVERS.

If Andrew Carnegie amassed any part of his great fortune by methods that are now condemned, it may be said of him that he made restitution to an extent unequalled by

any other great captain of industry. For nearly twenty years before his death his chief business was known to have been the generous distribution of his accumulated millions among public uses which seemed to him most worthy. Flags hung at half mast in his memory on 22 library buildings in Philadelphia alone. He spent sixty millions on the erection and partial equipment of 2,811 libraries in this and other countries. An even larger sum was expended on the Carnegie Technical Institute at Pittsburgh and on the Foundation for the Advancement of Teaching, and he was lavish in gifts of a variety of other kinds.

It has been critically pointed out that Mr. Carnegie's name is permanently connected with all his public works and that even his "hero medal" bears his picture on one side, but his benefactions were worthy and will endure in spite of a self-made man's vanity and eagerness for applauding fame. His faith in the power of money was too great, as was shown when he was reported as proposing to "buy" the Philippines from the United States in order to present them to their inhabitants, but he was a sincere lover of freedom and democracy, and his head, heart and purse were long devoted to the attainment of the ends represented by his Peace Temple at The Hague.

## Bedroom Delight

The quiet of one's own room—how it beckons when one is weary or things go awry. The cool, immaculate bed, with its untied spread and Colonial rug to match. The dainty dressing table with all one's pretty silver belongings. You can see the sun filtering through the filmy curtains and touching things here and there with fingers of gold.

Yes—the bedroom should be a real haven of refuge for tired, fretted souls. And it's not at all difficult to make it so. "Much taste and little money" is the recipe. One of our good but inexpensive Period Suites in Ivory Enamel, soft brown Walnut, or Mahogany will remake a dingy room into a place of beauty. A washable rug, dainty hangings, and a few pretty prints will add the home atmosphere. BEGIN TODAY.

### KINGSTON LAGS IN W. S. S. SALES

To the Loyal Citizens of Kingston:  
Our campaign for sales and pledges of War Savings Stamps, issue of 1918, has reached the \$25,000 mark, which is very creditable considering present conditions. The greater proportion of this total, however, has been received from the outside towns and villages.  
Kingston has not purchased or pledged its usual large share.  
We are now asking that each and every one make a special effort to buy one or more W. S. S. this month. If you do not care to pledge yourselves for any future purchases, buy at least one now and bring the city up to the county.  
Help finish the job.  
WILLIAM C. DE WITT, City Chairman W. S. S. and Postmaster.

#### Lily Leaves as Rafts.

Down in the Madras district of India there are lilies that grow leaves of phenomenal size. Indeed, these leaves are several feet in diameter and have turned-up edges to form a shallow bowl which floats on the water. The buoyancy of these leaves is such that they will readily carry the weight of a small child, as shown in the accompanying illustration. This variety of lily is known as the Victoria Regia—Scientific American.

#### Famous Applan Way.

The Applan way was the first great Roman road formally undertaken as a public work, it is said. It was begun in 312 B. C. by Applan Claudius Censor. Today the Applan way forms one of the most notable monuments of antiquity in or near the Eternal City, bordered by tombs and the ruins of monumental buildings. Long stretches of the pavement remain perfect. The width of the Applan way was from 14 to 15 feet.

## ACTORS' STRIKE AWAITS GOMPERS

By Telegram to The Freeman.

New York, Aug. 22.—The deadlock between striking actors and the producing managers had tightened still more today and both sides planned their hopes for an early settlement upon the good offices of Samuel Gompers, president of the American Federation of Labor, who is expected to reach New York today from Europe.

Augmented by nearly 200 scenic artists employed by the Shuberts and several score actors, who joined the strike last night, the Actors' Equity Association members are jubilant, declaring they are sure they can force the managers to recognize the union and accept the players' demands.

Louis Mann has begun the organization of an actors' organization in opposition to the Equity Association in an effort to end the strike. He is backed by the Producing Managers' Association and is said to have been given \$100,000 by George M. Cohan to finance the project.

### Four Days To Queen's Crowning.

Miss Emily Anderson is still leading the rest of the contestants in the race for queen of the popular girl contest of the Mardi Gras. Miss Clara Vollmer and Miss Hazel Blackwell are following in second and third places, respectively. The race is getting closer by the minute and as there are only four days more, all the girls are working their hardest. The standings: Emily Anderson, 8,999; Clara Vollmer, 8,784; Hazel Blackwell, 5,224; Susie Altman, 6,568; Julia Rienzo, 4,250; Anna Halstead, 4,100; Mildred Krom, 4,100.

### A Modern Salesman.

The first travelling salesman to visit Poughkeepsie by airplane arrived last night. He is R. Bassett, who represents Sweet, Orr & Company, Inc. Mr. Bassett made the trip from New York yesterday in record time, stopping at Yorkers, Peekskill, Newburgh and Poughkeepsie.

### The Tennis Tourney.

One match was played in the tennis tournament at Forsyth Park when Miss Estelle Rogers defeated Miss Cecelia McAuliffe in two straight sets by the score of 6-1 and 6-1.

## UNITS TO REMAIN IN GERMANY

By Telegram to The Freeman.

Washington, Aug. 22.—The nine units which will constitute the American force in Germany after September 30, the war department announced today, are:

Eight regiment of infantry.  
Seventh machine gun battalion.  
Second battalion of the Sixth field artillery regiment.  
Thirty-fifth field signal battalion.  
First supply train.  
First mobile ordnance repair shop.

Field Hospital 13.  
Ambulance Company 26.

### AUTO HIT BIKE.

Illinois Doctor Settled After Colliding With Jordan.

Thursday evening at 7:30 o'clock an automobile driven by a Dr. Robinson, of Illinois, ran into a bicycle ridden by George Jordan of Meadow street, smashing the front forks and bending the wheel. Young Jordan who is employed as messenger boy at the Postal Telegraph office on Fair street was going home from work and had reached Maiden Lane and Broadway when the automobile, which was coming up Broadway apparently on the wrong side of the street, struck the bicycle, throwing Jordan and smashing the bicycle. Fortunately Jordan was not injured.

As soon as the car could be stopped the owner alighted and offered to pay for the damage done. After examining the damaged wheels Jordan was paid \$7 for necessary repairs.

### Curtis Hearings End.

The hearing conducted by William E. Fitzsimmons of Albany, as commissioner under the Moreland act, to hear charges preferred against Harrie McK. Curtis, Greene county district attorney, was concluded at Catskill Thursday with arguments of counsel. Mr. Fitzsimmons will now make an examination of the testimony and documentary evidence, previous to submitting his report to Governor Smith. He will pass two days in Catskill examining records in the county clerk's office, and will receive briefs from the counsel, William T. Byrne and Daniel J. Dugan of Albany, before completing the report.

Fred Stone's New Picture Said To Have Fine Plot.

The story of Fred Stone's new photoplay, "Johnny Get Your Gun," is ideally suited to that star's third appearance in motion pictures. The characters are all of distinct type and the role of Johnny Higgins, which Mr. Stone portrays is one that could not be bettered for his peculiar comedy gifts. There is something doing every minute of the picture and his ability is just as evident on the screen as on the stage. A Billy West comedy and Kinogram News Weekly are other features on the program. Tomorrow Alice Brady in "The World to Live In" with an extra added attraction in "Fatty" Arbuckle in "Fickle Fatty's Fall."

Olivia Thomas in "The Follies Girl" at the Auditorium tonight offers the patrons of this popular playhouse an excellent program as Miss Thomas is now one of the greatest stars in pictures and "The Follies Girl" gives her every opportunity to display her ability to wonderful advantage. A Kinogram comedy and Gaumont News Weekly are also shown. Tomorrow Mary Alice Loren star of "The Amazing Wife" will be presented in "The Unpainted Woman."

### Tuberculin Test Important.

Weston H. Rider, the Wall street piano man, who has a big farm at Rider's Mills, Columbia county, was a bidder for a time for the prize Holstein herd bull from Misner and Gardner's famous herd at Dairyland, put up at auction at the Ellenville fair, Thursday. He bid over \$400 but when he learned the bull had not been tuberculin tested he quit bidding. Mr. Rider has a choice Holsteins on his farm, started in 1911 with eighteen, and has raised all of his present stock.

## This Pretty Girl Who Defies Age Uses Howard's Buttermilk Cream to Beautify Her Complexion

Tells McBride's drug store and all good drug and department stores set to take an order for this new, valuable, beautiful cream. It is a decided improvement. Try it today at our expense.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic. The most wonderful thing about it is the fact that it turns the darkest, most sallow complexion to radiant beauty, and makes red or rough hands or arms snowy white, as there is not the slightest sign of its use after application. It actually vanishes from sight and the more heated skin where it will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows' feet, or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a small quantity today at McBride's drug store with the understanding that they will freely return the purchase money to any dissatisfied user.

Beautiful actress says: "A short time with Buttermilk Cream at night before retiring is all that is necessary."

## AMERICAN LEGION NOT DRY OR WET

Action of Local Posts For or Against Not Binding on State or National Organizations, Says Lindsay.

The American Legion will maintain an attitude of neutrality on the subject of prohibition, according to Henry D. Lindsay, chairman of the National Executive Committee of that body.

Replying to a letter from Andrew B. Wood, assistant state superintendent of the Anti-Saloon League, Mr. Lindsay says:

"In reply to your letter of August 19th, I beg to advise you that neither the Paris convention nor the St. Louis convention of the American Legion took any action relative to prohibition, nor has the National Executive Committee of the American Legion taken any such action. Furthermore, the question of committing the Legion either against prohibition, or for prohibition, has never been discussed either at the conventions stated, nor by the National Executive Committee of the Legion.

"I believe that I correctly represent the views of the members of the American Legion in stating that as an organization it will take no part in any movement either for prohibition or against prohibition. The action of any local post of the Legion contrary to this position merely expresses the views of the individual members of such post, and does not in any way bind the state organization involved nor the national organization of the Legion.

"You are authorized to make such use of this communication as your judgment dictates."

### Wages Increased.

The employees of the New York Knife Works of Walden were given an increase in wages when Manager F. R. Benedict announced that a price adjustment on the base rate paid to the finishers had been made and the employees of the entire mill would be given an increase of 10 per cent over all.

### A NEW PROFITEER

He Sells Water to Motorists at Ten Cents a Gall.

Over in the Shawangunk mountains, on the state road north of Wurtsboro, lives a type of profiteer, who profits from an article really not affected by the price of labor or the after-the-war conditions. Engineering science has not yet produced an explosive engine which will climb the four-mile hill leading out of Wurtsboro without heating and the majority of cars' hoist most of the water out of their radiators in making the long hard pull. About half a mile from the top of the Shawangunk range lives the party in question and nailed to a tree in front of his residence the auto is confronted with a sign like this: "Water 10 cents a gall." It is said that the spring which jingles from the mountain side in this fellow's preserve is a veritable stream of gold. Thousands of tourists travel this road weekly and a very large number feel the need of water at this particular point very greatly, and willingly pay the 10 cents per gall charged. If there is a place in all the world where good, air and good water abound that place is Sullivan county. Up to the present writing no way has been devised to make the tourist settle for the air even though he has to pay for the aqua pura that rushes in abundance from the mountain side.—Newburgh News.

### Raskoski Not Vitoski.

It was William Raskoski of No. 17 Rock street, who was struck over the head with a club in the trouble over a cow pasture late Wednesday afternoon, and not Frank Vitoski of No. 11 Rock street. At the Kingston City Hospital this morning it was stated that Mr. Raskoski's condition remained unchanged. Louis Bregman, who is alleged to have assaulted him, waived examination Thursday to await the action of the grand jury.

### In Police Court.

C. Albert Campbell of New York city and Hugh Dunn of the same place were arrested charged with speeding late Thursday afternoon. They gave cash bail for their appearance in police court later. Both arrests were made by Officer Soper.

## HIGH WIND STORM DARKENED CITY

The heavy wind and rain storm that broke over the city shortly after 7 o'clock Thursday evening plunged the city in darkness for the third time this week. All of the electric lights were placed out of commission by the heavy wind blowing down a number of tree limbs which fell on the wires and broke them. The most damage was caused by the falling of a tree at Broadway and McEntee street. Trouble on Albany avenue and other parts of the city was also reported. It was about 11 o'clock before the lights were turned on. The telephone company escaped more easily. The wire chief stated this morning that only four telephones were placed out of commission by the falling of the tree on McEntee street. The damage was repaired this morning.

### CONCRETE FAVORED

By Com. Greene for Paving Streets in Saugerties.

Concrete, rather than brick, is favored by State Highway Commissioner Frederick Stuart Greene in the paving of Main and Partition streets, Saugerties, according to a letter received from the commissioner by Supervisor John D. Fratscher. The letter follows:

State of New York,  
Commission of Highways,  
Aug. 20, 1919.

John D. Fratscher, Supervisor, Saugerties, N. Y.

Dear Sir:—Referring to the connection within the village covered by petition V-273, I find that plans for this connection are being worked up at the division office to conform to the request of the village for brick pavement from Main and Partition streets to Ulster avenue and Market street, and 20 feet of concrete or brick from the latter point to the connection with C. H. 142. Not much work has been done on these plans as Village President Ziegler was informed under date of June 10, 1919, because our division offices have been devoting their energies to finishing up war contracts. Brick at the present time is very high in price, and I would appreciate it, before these plans are finished, if the village authorities would meet with me at Albany, to consider revision of the petition so as to provide for concrete pavement throughout.

Very truly yours,  
FREDERICK STUART GREENE,  
Commissioner.

Supervisor Fratscher has arranged to meet Commissioner Greene next Tuesday, August 26, when the matter will be discussed.

### Dutchess Fair at Rhinebeck.

This year's Dutchess county fair will be held at Springbrook Park, in the village of Rhinebeck, on September 16, 17 and 18. While it is to be essentially an agricultural fair this time, horse racing and other amusements in plenty are promised. The Springbrook half mile track is said to be one of the best in this section. The executive committee urges exhibitors to file their entries promptly on receipt of the premium list. Further information may be had from Harry Pottenburgh, Secretary, Rhinebeck, N. Y.

### Hastening Water Power Bill.

By Telegram to The Freeman.  
Washington, Aug. 22.—Water power legislation was speeded up by the senate today. A sub-committee of the commerce committee took up the water power bill, which already has passed the house, determined to bring about speedy action and report the measure back to the senate for a final vote at the earliest possible moment.

Value of Herbs in Cookery.  
The old-fashioned kitchen garden was not considered complete without its small collection of "pot herbs"—sage, thyme, and other medicinal and savory herbs. French cooking is noted for its fine flavor, and this is largely because French cooks excel in the skillful use of herbs.

### LET LUCY DO IT!

Let Lucy do what? Why, your shopping. At this time of the year when you are busy with running, visitors, and just getting back from vacation, it is a hard proposition for you to get off some time to do your shopping. Therefore we say—

### LET LUCY DO IT!

"Lucy Luckey" is an expert shopper. She will take great pains with any order that you send her. She will be just as anxious to please you as she would be to get just what she wants for herself.

She knows stock, prices, shipping facilities, values and bargains—and there isn't a salesman in the store who would not try to please her.

In a word, we might say, she'll do your shopping practically, as well as you would do it yourself.

She'll sell you anything in the store. You know we sell dry goods, women's and children's wearing apparel, men's furnishings and everything for the home.

Write "Lucy Luckey" for that need of today.  
Phone 2500 if you are in a great hurry.

## POTATO PRICES NOW UNDER FIRE

By Telegram to The Freeman.  
Chicago, Aug. 22.—Federal investigation of profiteering was turned toward "spuds" today. Coincidentally with the beginning of a report that more than ten miles of freight cars loaded with new potatoes are being held on Chicago sidings, announcement was made at the bureau of investigation that evidence had been secured of a conspiracy between shippers and commission men to juggle the market and boost the price of potatoes. The arrest of two produce men, it was stated at the office of District Attorney Charles F. Clyne, could be looked for within a few days. Clyne charges excessive profiteering is going on among produce people in peaches, plums, tomatoes and other fruits. Potatoes, he said, sold by the farmer for \$1.50 per bushel, have soared to \$5.00 when sold to the consumer.

It was stated by Clyne that prosecution of the Elgin Butter and Eggs Board, which has been under investigation previously during the past several days, will begin within a week. The men constituting the board, it is charged, control the butter and egg output of five states and fix their own prices.

### SOCIETY NOTES.

Mr. and Mrs. J. Furmansky of this city, announce the engagement of their daughter Ethel, to Alfred Baum of New York city.

Mr. and Mrs. George Lang of this city announce the engagement of their only daughter, Ruth Elenora, to Willis S. Flyer of Syracuse. Mr. Flyer recently returned from overseas where he saw much active service with the 27th Division.

### Birthday Party.

The third birthday of little Elsworth Hames, son of Mr. and Mrs. Raymond Hames of Elmendorf street, was celebrated on Thursday with a little family party. With the serving of refreshments there was a lovely birthday cake with its three lighted candles, and Master Elsworth was the proud recipient of many birthday gifts.

### Teetse-Cahill.

Announcement is made of the marriage of Miss Loretta A. Cahill of Springfield, Ohio, to Harry W. Teetse, formerly of Kingston. The couple were married Tuesday, August 5, by the Rev. J. W. G. East, pastor of the First Methodist Church of Akron, Ohio. Mr. and Mrs. Teetse will make their home at 312 Norwood avenue, Akron. Mr. Teetse has a position as assistant foreman in the cord tire department of the Firestone Company.

### Becker-Johns.

Miss Naomi Johns of Ellenville, a former Poughkeepsie girl, and Carl Becker, son of Mr. and Mrs. Charles G. Becker, of 70 North Hamilton street, were married by the Rev. Max Mueller, at the Grand Street Lutheran Church, Poughkeepsie, on Wednesday. The bride wore a traveling suit of taupe color, with hat to match and carried white roses. She was attended by her sister, Miss Ruth Johns, and Herman Becker, brother of the groom, acted as best man. Mr. and Mrs. Becker will live in Poughkeepsie on their return from their wedding trip, which they will spend in Albany, Coxsack and Saratoga Springs.

### Mail of the Mariners.

It is said that it is customary for every English Christian sailor to hail any companion English vessel with the words, "Hi, hi." Immediately the reply is received, "6 farther on." The meaning of the signal is that in the sailor's hymnbook, 404 is Paddy Crossby's hymn, "Blessed Assurance, Jesus is Mine," and 6 farther on, or No. 500, is "God Be With You Till We Meet Again."—The Christian Herald.

### Educating Greek Farmers.

American agriculturalists are now completing a survey of the soil possibilities of Crete in the same thorough fashion in which they surveyed the Greek mainland. American farming machinery and up-to-date methods are needed, and arrangements have been made to educate the farmers of Greece and Crete so that they can increase their yield of crops. Major C. C. Brigham of the Illinois agricultural department, and Lieut. J. J. Bonagosa, a native Greek educated in America, and a former instructor at Michigan agricultural college, are in charge of the American Red Cross agricultural survey of Greece and Crete.

## BOOST GOOD ROADS PROGRAM

American Automobile Association Will Seek to Help Development of Highway.

National, state and county highway development along sound economic lines will be emphasized in a greater degree than ever before by the American Automobile association, announces George O. Diehl, chairman of its good roads board.

J. E. Pennybacker, chief of management of the federal bureau of public roads, and generally recognized as the foremost authority on good road management, has resigned his post to become director of roads for the association. Mr. Pennybacker originated and edited the "Good Roads Year Book," and was adviser to the joint committee on federal aid in post roads of the senate and house of representatives before taking charge of the management branch of the federal road bureau.

"The federal aid road act is a milestone on the way, but only a milestone," declared Mr. Diehl. "Ultimately there will come a national system of highways correlated with state systems and these in turn with county systems. There will be difficult problems of finance, of administration, and of traffic regulations to be solved. In these questions the six million motor-vehicle owners should take an active part for these are questions that must be settled right and in accordance with intelligent public opinion. The A. A. A. good roads board will actively seek to sound the best sentiment on these subjects and to bring to light the best thought in their working out."

## DISTRIBUTION NOT UNIFORM

Average of 2.5 Motorcars for Every Mile of Public Road in the United States.

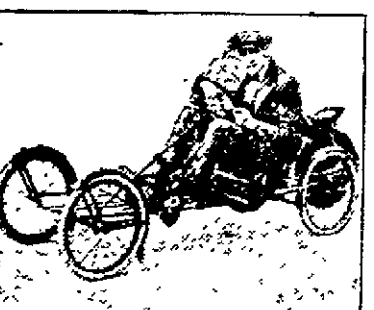

(Prepared by the United States Department of Agriculture.)

The total road mileage of the United States outside incorporated towns and cities is about 2,456,000 miles. With a total registration of 6,146,617 motor vehicles there was, therefore, an average of 2.5 motorcars for every mile of public road in the United States. The distribution of cars among the several states, however, is far from uniform. Thus, Nevada has but two cars to every three miles of road, while Rhode Island has 16 cars to each mile of rural road. Furthermore, while there was an average of one motorcar registration for every 16 persons in the United States in the states of California and Nebraska there was one car for every seven persons, and one car for every eight persons in Iowa and South Dakota, but only one car for every 51 persons in Alabama, every 46 in Louisiana, or every 42 persons in Arkansas.

## FIRST SUPER SCOOTER SEEN

Primitive Motor Car, Called "Buckboard," Driven by Auto Wheel Set in Rear Wheels.

Grubman White, who was at one time the most popular aviator in England and is one of the pioneers of aviation, has introduced into England the first super scooter, commonly called the "buckboard." It is practically a primitive motor car driven by an auto wheel set between the rear wheels. To throw

out the clutch the wheel is lifted off the ground. Photo shows Mr. White with a little passenger.

## AUTOMOBILE NOTES.

A magneto brush may be made by rolling a piece of fine-mesh copper or brass wire gauze into a cylinder corresponding in size to the magneto brush and a carbon brush may be cut in two to do double duty.

After you have ruined a few spark plugs by removing them with a monkey wrench you will get a socket wrench that just fits around the plug and protects the core from accident.

Go over the leather on the car occasionally with special leather dressing and the difference in the appearance of the upholstery will repay you a thousand times.

Watch your wheel spokes, especially if your car be an old one. If the spokes can be shaken, tighten the bolts in the flanges of the hub.

It is hard to restore bleached aluminum to its pristine luster, especially if it is difficult to get the freckled finish back again.

In making a temporary battery connection the strands should be twisted up tightly, forming a loop by bending over to the right.

A cause of overheating that is frequently overlooked is a slipping fan belt.

The use of jugs as the means of detecting employed in the world war was a reversion to old practice. Before the invention of the telegraph, in the early part of last century, dying pigeons were used extensively for the conveyance of intelligence to the commanders of far-flung armies.

## Republics of France.

The French were not able to permanently establish a republic until they had tried three times to do so. The anarchy of the French revolution produced Napoleon Bonaparte, as first consul, and then as emperor. The revolution of 1848 resulted in Napoleon III, as hereditary emperor of the French by an almost unanimous vote in November, 1852. The third republic was the result of the Franco-Prussian war and the king of Prussia was proclaimed emperor of the Germans, September 4, 1870, and his coronation took place in Versailles January 18, 1871. The third French republic was saved from destruction by the ability and activity of Louis Adolphe Thiers. Like Cavour he carried his country safely through a great crisis.

## Fortunate Fish.

Weird and wonderful are the ways of willmakers. Fifty pounds sterling a year was recently left by an eccentric old gentleman in the north of England for the upkeep of a lake of perch which he had placed in his garden. The bequest calls to mind the case of a certain lady who left £70 a year for the maintenance of three goldenfish, also being made in her will for flowers to be placed on the graves. It was also affection for his pet carp, which he kept in an electric massive bowl in his salon, which he an Italian count to leave a handsome annuity for its benefit, with special directions for its treatment.—London Mail.

## Just Like the Peacock.

Although the American redstart is a little bird only five and a half inches long, it has one trait in common with the enormously plumed peacock, namely, that it seems to be very fond of its handsome plumage and is continually spreading its tail feathers over the American Forestry association, Washington. The male redstart's plumage is red, orange and white, and it attains the black portion of its plumage on back, tail and wings until it is two years old, this part of the bird during its early life being strongly mottled. The female is grayish, yellow and white.

## Crystals That "Moored."

"Mooring" is a phenomenon observed in the mineral kingdom, crystals being occasionally found that have been broken and afterward reunited through chemical or mechanical action. A century and a half ago St. David Bregetier called attention to trailing in glass, and at a recent meeting of an English mineralogical club pieces of heated glass formed a model exhibit. A magnifying glass had been cracked while in use in the usual metal ring mounting. The ring was tightened up, and the broken surfaces became gradually attached or healed. Another piece of glass had been cracked and afterward clamped, and the cracked parts had not only been firmly joined but the point of union was to be detected only with difficulty. The glass, however, appeared to be not quite as strong as before.

The Colorado is one of the great rivers of North America. Formed in southern Utah by the confluence of the Green and Grand, it traverses the northwestern corner of Arizona and becoming the eastern boundary of

### PANTS CAME FROM SCHENECTADY

And Officers Took But One Pair, Says Mrs. Miles—Husband Did Not Come Home in Taxi That Night.  
Editor Daily Freeman:  
Regarding the article you had in Thursday night's Freeman, I wish to say the authorities did not take a "lot of loot" from my house. The only thing they took was a pair of pants which came from Schenectady nearly a year ago and which they claimed was like the stolen goods.  
Furthermore Mr. Miles came home from work from the north yard that night but in no taxi cab. He had nothing to do with the job as he was on the way home from work.  
When you have stories to write hereafter, see that you do not write such stories about innocent people. You have a right to verify a statement when you make a statement as strong as you did and not print deliberate lies.  
MRS. THOMAS MILES.  
The article in question was written from information obtained from police reports and proceedings in city court.

### GEERS DROVE FOUR WINNERS

Edward F. Geers took the lion's share of honors at the second day of the Grand Circuit trot at Poughkeepsie, Thursday. He drove four of the five winners on the program, and in one of his victories he piloted Goldie Todd to a straight heat triumph over Frank Dewey and Sanardo, winning the race in 2:02 1/2.

The veteran reinsman accounted for "The Vassar," 2:10 pace, a \$3,000 purse; "The Liberty," 2:16 trot for three-year-olds, which he won with Molly Knight, and two breeders' club events, the two-year-old and three-year-old trots. Duetto and Wink Wink were the winners. Walter R. Cox drove McGregor the Great to a straight heat victory in the other \$3,000 event, "The Poughkeepsie."

#### ESOPUS.

Esopus, Aug. 21.—The reception given Private Daniel Linden at Elmore Hall last Saturday evening was a very enjoyable affair. The hostesses, Mrs. Linden and her mother, Mrs. Margaret Geoghegan, looked after the comfort of each guest and the refreshments which they provided were both delicious and bountiful. The hall was tastefully decorated with American flags and lanterns. Beautiful bouquets ornamented the table upon which the numerous cakes were placed. The word welcome was suspended at the front of the platform. A very large crowd was present, something over two hundred, including the following guests: From Brooklyn, Mrs. A. Cross, Mr. and Mrs. F. Hill and daughter, Virginia, Mr. and Mrs. P. Duffy, Miss Katherine Kennedy, J. Sullivan, Mrs. James Harris and Mr. Chapman; from New York city, Miss H. Thompson and N. Thompson; from Poughkeepsie, Miss C. Kierman, Mr. and Mrs. B. Geoghegan and son, James; from Kingston, Mr. and Mrs. William Joseph, Miss Mary Higgins, Miss Ann Heidecamp, Joseph Heidecamp, Mrs. T. Tanager and daughter, Marian; from Red Hook, Miss Lucetta Fraedrich, Miss Beatrice; from Poughkeepsie, Miss Hazel Mott, Paul, Frank Wynkoop has sold his property at Green Acres to Edward Harrington.

Mrs. Mary Weffer of Brooklyn has arrived at her home on Canal street to spend a few weeks. Many friends are glad to welcome this friend of over 80 years back in town.  
Mrs. Evelyn Hitchcock of Oberlin, Ohio, is visiting her sister, Mrs. B. C. Eaton, and family and other friends in town.  
Miss Helen Terwilliger of Ellenville and friend, Miss Eva Hunt of Wawarsing, have come to Asbury Park to spend their vacation.  
Mr. and Mrs. Frank Hinman of Jersey City are guests of his sister, Mrs. Philip Opdenbrouwer and family at 1 Liberty street.  
Miss Olive and Gertrude Cameron of Middletown are guests of their aunt, Mrs. C. R. Frier, on South Market street.  
Miss Dorothy Cable will return to her home at Ellenville, Ill., on Saturday after spending several weeks with her cousin, Mrs. A. V. Keeler.  
At the M. E. Church on Sunday, the services both morning and evening will be conducted by the pastor, Rev. C. A. Dunn, who has returned from his vacation.  
Rev. James T. Sheffer of Ridgefield Park, N. J., will occupy the pulpit of the Methodist Church Sunday morning. No evening service.  
At Christ's Lutheran Church, the pastor will have his morning theme "The Tears of Jesus." The theme of the evening service, "The Announcing at Bethany." The services at 7:30, Sunday.

#### NONBACUS HEIGHTS

Nonbaccus Heights, Aug. 21.—Miss Emily Van Etten of Toms River, N. J., arrived on Saturday to spend a two weeks' vacation with her parents, Mr. and Mrs. Leonard Van Etten. Miss Van Etten has a responsible position in the office of the superintendent of schools of Ocean county, N. J.  
Leroy Thomas, one of our first young men in college and who spent two years overseas, recently returned to the home of his parents, Mr. and Mrs. George Thomas.  
Mrs. L. L. Overboudt of Kingston is visiting at the home of the Rev. A. Quirk and wife.  
Mrs. L. H. Starke and daughter, Miss Anna Van Etten, who have been spending a few weeks at Van Etten home here, are planning to take their departure on Saturday next. The former will spend a week with relatives in Kingston. The latter will return to Toms River.  
Mr. and Mrs. Harry Smith entertained a party of young people on Tuesday evening. Those present were the Misses Anna and Emily Van Etten, Lucile Starke, Ethel Case and Mrs. W. Golding and the Messrs. Leroy Thomas, Harold Van Etten, Sidney Case, Henry and Howard Elroy and Lorin Smith. Refreshments and games were enjoyed by all.  
James Doyle of Kerkentown is on the mail route at present.  
Mr. and Mrs. Harry Smith, Miss Emily Van Etten and brother, Harold, were among those who attended the Ellenville fair on Wednesday.

#### In a Quandary.

A charming hostess, who was entertaining a party of children, discovered one little fellow sitting in a corner apparently lost in thought. "What are you thinking about, Harry?" "Mother told me not to take two oranges," replied the little man, "and I was thinking I would be mighty lucky if I got one."
